

Illness Self-Screening

Please review the following questions on Sunday for each person attending Sunday school.

1. Do you have any of the following symptoms within the past day that are not caused by another condition?

· Fever (100.4°F) or chills	· Recent loss of taste or smell
· Cough	· Sore throat
· Shortness of breath or difficulty breathing	· Congestion or runny nose
· Fatigue	· Nausea or vomiting
· Muscle or body aches	· Diarrhea
· Headache	· Recent loss of taste or smell

2. Have you had a positive COVID-19 test for active virus in the past 10 days, or are you awaiting results of a COVID-19 test due to possible exposure or symptoms and not through routine asymptomatic COVID-19 screening or surveillance testing?

3. Within the past 14 days, has a public health or medical professional told you to self-monitor, self-isolate, or self-quarantine because of concerns about illness or infection?

Staff, students or other family members who answer 'yes' to any of the above should stay home or be sent home.
